1. General information

“Guide for Defence Attachés accredited to Sweden”, will from the 1 January 2024 replace “Guide for Defence Attachés accredited to Sweden 2019” issued 2019.

The Ministry of Defence (MoD) Protocol is responsible for the accreditation of resident and non-resident attachés in Sweden and for the contacts between defence attachés and the Government Offices.

The Swedish Armed Forces Protocol is responsible for the planning and execution of the accreditation-, introduction- and departing program of the attachés.

The Swedish Armed Forces Protocol is also responsible for the annual activity plan for defence attachés, which includes visits to units, schools, etc. within the Armed Forces and other government agencies, as well as to the defence industry.

Attachés are welcome to contact the Ministry of Defence Protocol or the Swedish Armed Forces Protocol in matters concerning their duties in Sweden.

2. Accreditation

Accreditation

Accreditation is formalized by a personal visit to the Ministry of Defence. The Ministry of Defence Protocol should be contacted (e-mail: fo.defence.attache@gov.se) when the attaché is approved by the Ministry for Foreign Affairs, in order to organize a visit to the Ministry of Defence, which is regarded as the official date of accreditation.

The Swedish Armed Forces Protocol is responsible for the planning and execution of the accreditation-, introduction- and departing programme of the attachés. If possible, the new attaché should be accompanied and introduced by his/her predecessor. Spouses are not included in the accreditation programme.

A defence attaché who is not resident in Sweden and whose visit to the Ministry of Defence is therefore delayed, should inform the Ministry of Defence in writing (e-mail or letter), that he/she intends to take up his/her post. The Ministry of Defence Protocol will then confirm the accreditation by e-mail and that will be regarded as the date of accreditation. An introductory programme will be carried out on a later occasion when the attaché makes his/her first visit to Sweden.

Notification

The application for accreditation to Sweden as well as a notification of the recall of an attaché is submitted to the Ministry for Foreign Affairs. The application shall be submitted by the embassy concerned at least two months before the rotation. Approval of accreditation is confirmed by the Ministry for Foreign Affairs to the embassy concerned.

Introduction

In connection with the accreditation, the Swedish Armed Forces Protocol will organize an introductory programme. The programme will be adapted to the position and the profile of the incoming attaché. For attachés not resident in Sweden, the programme should preferably be arranged the day before or after the day of the first visit. Spouses are not included in the introductory programme.

The programme will be sent to the attaché approximately two weeks prior to the visit. A liaison officer from the Swedish Armed Forces Protocol will accompany the attaché during the day.

The introductory programme for Defence Attachés, Army, Naval, Air Force and Assistant Defence Attachés may include visits to senior representatives in the Swedish Armed Forces Headquarters including the armed forces protocol/attaché support and the Swedish Defence Material Administration. Due to the location of the Army-, Navy- and Air Staffs an introductory visit can be planned in accordance with the accreditation program or at some other appropriate occasion.

Attachés leaving their posts, will follow the same procedure as when an attaché takes up his/her post. It is advised that the attaché and the successor make these visits together.

3. Order of Precedence

The order of precedence of the attachés, regardless of rank, is according to the date of accreditation to Sweden. This also applies to assistant defence attachés, although they are ranked after defence, army, navy and air force attachés.

The elected Stockholm Military Attachés Association (SMAA) president acts as Dean and represents the mutual interests of attachés accredited to Sweden.

4. Dress

Permission to wear national military uniform in Sweden is required and is requested from Swedish Armed Forces Operations J3 Diplomatic Clearance Branch. Defence attachés accredited to Sweden do not require a specific permission to wear uniform. Military staff at the defence attaché office can upon request obtain a permission to wear uniform in Sweden for the duration of their service.

Unless instructions to the contrary are issued, service dress uniform is normally worn on the following occasions:

- visits to the Ministry of Defence
- visits in connection with accreditation
- visits to the Swedish Armed Forces
- official receptions
- official visits by foreign dignitaries

In the programme for each separate activity listed in the activity plan for defence attachés, we recommend appropriate uniform or dress, including:

- service dress (UK), service dress uniform (US) or equivalent
- battle dress (UK), combat uniform (US) or equivalent
- barrack dress (UK), duty uniform (US) or equivalent

Civilian clothes may include:

- informal: (dark) lounge suit for men, equivalent for female attachés
- casual: blazer, shirt and tie for men, equivalent for female attachés

5. Out of office

In case of absence from Stockholm for more than 72 hours the defence attaché is requested to inform the Ministry of Defence Protocol and the Swedish Armed Forces Protocol regarding who is responsible for the defence attaché's duties during the absence.

6. Requests for information

Requests for information (RFI) regarding the Swedish defence shall be submitted to the Swedish Armed Forces Protocol. Normally an answer will be delivered within 30 days. Correspondence may be in Swedish, Danish, Norwegian or English and on official embassy stationary. Letters should not be addressed to a specific officer or individual. Replies will be in Swedish or English.

Questions concerning only one agency under the Ministry of Defence or the Ministry of Education and Research such as:

- the Defence Materiel Administration (FMV)
- the Swedish Defence Research Agency (FOI)
- the Swedish Defence University (SEDU)

may be sent directly to the agency.

Ordinance concerning foreign visits

Extract² from the Ordinance concerning foreign visits to agencies under the Swedish Ministry of Defence (1996:442).

Permits

The Swedish Armed Forces must obtain permission from the Government Offices before arranging a visit for a foreign official to a command center, units engaged in emergency operations or military rehearsal training, and for foreign officials to serve in a Swedish military unit.

In addition, the Swedish Armed Forces, the Defence Materiel Administration and the Swedish Defence Research Agency must always obtain permission from the Government Offices before arranging a visit by a foreign official who holds a position corresponding to that of the Supreme Commander or the Chief of Defence Staff, higher military heads within the Swedish Armed Forces Headquarters or the heads of the Defence Materiel Administration and the Swedish Defence Research Agency.

Permission must always be obtained from the Government Offices before participating in Swedish military training concerning tactical training within the Swedish Armed Forces and training at the National Defence University or the Swedish Defence Research Agency – if the training is not included in a cooperation agreement between Sweden and the relevant state.

² Unofficial translation.

Application for permission in accordance with the above must be submitted to the Ministry of Defence by the Armed Forces, the Defence Materiel Administration, the Swedish Defence Research Agency or the National Defence University.

Exceptions

Permits from and reports to the Government Offices are not required if the reason for the visit is that the foreign official is to:

- prepare for, participate in or follow up activities within the framework of an agreement between Sweden and other states concerning cooperation within the area covered by the defence forces
- prepare for, participate in, or follow up commercial negotiations
- make a notification, announcement or application, pay respects or act in some other way in the context of diplomatic protocol
- participate in a social function or similar activity

For the purposes of this ordinance, arranging a visit for a foreign official does not include circumstances in which an agency allows a foreign official access to premises, facilities, vessels or areas to which, at the time concerned, the general public has access, or to which the foreign official concerned must enter in order to present a request for access to public documents.
